### **HUECK FOILS Completes Second Major Expansion of South Carolina Manufacturing Center**

***Adds 6,500 square feet to support  
enhanced printing and laminating capabilities***

WALL, NJ -- HUECK FOILS L.L.C., a leading converter of foils and films for the healthcare and food industries, has recently completed an expansion of its Blythewood, South Carolina production facility, it was announced by George Thibeault, Jr., President of HUECK FOILS.

The expansion added 6,500 square feet to the existing 50,000 square-foot plant to make room for additional storage and machine space, a new parts washing room, and a new automatic ink dispensing system. This was the second major expansion of this plant in the last five years. The Blythewood facility, which first opened in 1997, originally occupied 30,000 square feet.

A ribbon-cutting ceremony was held at the Blythewood plant on Tuesday, August 2, 2005 and was attended by a host of HUECK executives, local civic and business leaders, as well as members of the Central Carolina Economic Development Alliance.

HUECK FOILS L.L.C. is a subsidiary of HUECK FOLIEN GmbH & Co. KG, Germany, one of the world's largest independent foil and film converters. With facilities in Columbia, South Carolina; Weiden, Germany; Weinstadt, Germany; Baumgartenberg, Austria; and Louvain-La-Neuve, Belgium, HUECK holds ISO 9001/EN 29001 certification for professional competence and customer-oriented emphasis on quality.

HUECK technology and services include lamination, coating, rotogravure and flexographic printing, metalizing, holography, slitting, in-house graphics preparation and cylinder engraving.

The company's products include push-through and peelable blister foils; cold-formable foils for absolute barrier to moisture and oxygen; heat-seal coatings for PVC, PVdC, Aclar® laminations, PET, PP and Barex®; two-sided registered printing for compliance-style packaging; text- and barcode-printable white-lacquered foils; plus child-resistant, senior friendly and anti-counterfeiting structures. In addition, HUECK'S Pharma Finishing Services Program provides quick turnaround for customers that require materials for clinical trials, stabilities and other special needs.

HUECK FOILS is a member of both the Healthcare Compliance Packaging Council (HCPC) and the Flexible Packaging Association. For more information, contact HUECK FOILS L.L.C., 1955 Highway 34, Building Two, Wall, New Jersey 07719; telephone (732) 974-2694; fax (732) 974-4100.
