Text: Nordmeccanica completed new installation at The Robinette Company.

Nordmeccanica N.A. successfully completed the installation of a Super Simplex SL 1500 solvent-free laminator at THE ROBINETTE Company at their plant in Bristol, TN. Robinette is one of the leading converters of flexible packaging in North America. The order was signed during a visit by Paul Freiberg, Plant Manager at Robinette, at Long Island sales and service offices of Nordmeccanica (picture). After the successful installation, Paul Freiberg said: "The installation was timely and we were running commercial product in the first week of operation. The operator interface is straightforward and overall the Simplex has met our expectations."

Super Simplex SL is the most sold Solvent Free adhesive laminator globally with almost 100 installations in North America alone.
