

## News Release

# Oracle Packaging Announces Sale of TOLAS Healthcare Packaging to Oliver Medical

**Winston-Salem, NC, January 09, 2009:** Oracle Packaging announced today that it has sold TOLAS Healthcare Packaging to Oliver Medical. TOLAS; with plants in Feasterville, PA and Hamilton, OH, has supplied packaging to the Medical Device and Pharmaceutical markets for over 30 years. "TOLAS has been a valuable part of the Oracle team for the past two years and has produced solid results. Our decision to sell was based upon market conditions and the emergence of a suitable buyer; Oliver Medical," said Scott Dickman, Oracle's President and CEO. Oracle and Oliver Medical/TOLAS will continue their current supply relationship through a long term supply agreement and will expand their strategic partnership in the Medical Device and Pharmaceutical markets by continuing to leverage the innovative and high quality packaging solutions for which the companies are renowned.

"We are excited about the new opportunities our ongoing relationship with Oliver Medical and TOLAS will offer for our customers, prospects and markets," added Dickman.
