Harper Corporation of America Congratulates Canflexographics on 25 Years in Business

Charlotte, North Carolina, December 15, 2011—Canflexographics, the Canadian agent of global anilox roll supplier Harper Corporation, is celebrating its 25th anniversary.

Located in Burlington, Ontario, Canflexographics has become an important contact for Harper Corporation, as the two companies have both worked toward moving the flexographic industry forward with innovative products and high quality customer service.

Mr. Kelly Roberts has been the President and CEO of Canflexographics for eight years, and he is indeed proud to celebrate this milestone with his team and his colleagues in the flexographic industry.

"We continue to research and partner with global organizations," commented Roberts, "which allows us the opportunity to provide exclusive access to superior innovations and technologies that will continually advance our industry. Our team looks forward to opportunities that lie ahead in expanding the business further, while continuing to provide high quality support and proven solutions to our Canadian clients."

Harper Corporation of America is proud to have Canflexographics as an agent and congratulates the company on its success.
