**PAMARCO GLOBAL GRAPHICS APPOINTS ART EHRENBERG VP OF
MANUFACTURING**

ATLANTA February 1, 2012- In alignment with the company's commitment to technology and quality, Pamarco Global Graphics has appointed Art Ehrenberg as Vice President of Manufacturing for the three U.S. laser plants and the new base roll manufacturing operation. The Plant Managers in Batavia, Atlanta and La Palma will report directly to Ehrenberg, and he will also continue the product enhancement and development initiative which started when he joined Pamarco at the beginning of 2011. Ehrenberg will continue to be technical liaison between sales and manufacturing, and will continue to work with Pamarco's plants globally to ensure consistency in the company's product offerings.

Ehrenberg's extensive knowledge of the flexographic printing process and anilox rollers has been a tremendous help to Pamarco and the company plans to continue utilizing the unique skill set he possesses. He will be involved in many projects including the installation and commissioning of the new lasers, product development utilizing the new 500 W lasers. In addition, Ehrenberg will continue to be available for customer technical meetings and visits.
