Eaglewood Tech Opens Anilox Cleaning Demo Center

Eaglewood Technologies recently expanded their Minneapolis headquarters to include a demonstration center for Laserlox™ and Sanilox™ Anilox Roll Cleaning Systems. These systems provide the most sustainable solution for automated anilox cleaning in all segments of flexographic printing and provide proven, tested results. Laserlox™ and Laserlox™ Flexi are the latest technology in anilox roll cleaning and are engineered for flexible packaging and label printers. Sanilox™ Anilox Cleaning Systems are the global standard of reliable, environmentally safe anilox roll cleaning.

Eaglewood Technologies is ready to host your team at our Minneapolis Demo Center; contact us to schedule your date at (800) 347-1959 or salesinfo@eaglewoodtech.com.
