FPA Welcomes New Member

Linthicum, Maryland: August 23, 2010 - The Flexible Packaging Association is pleased to welcome associate member Ester Industries Limited to the association.

FPA associate member Ester Industries Limited is a producer of PET resins, BOPET films, metalized BOPET films and engineered plastic compounds. Ester's FPA official representative is Ashok Kumar Agrawal, business head – Films, and the alternate representative is Ayush Vardhan, group leader, Market and Business Development.

Ester Industries Limited was incorporated in India in 1985. It is a widely held limited liability company. The main business activities are production and marketing of versatile ranges of polyester films and engineering plastics. To achieve its commitment to excellence the company lays emphasis on total customer satisfaction, through continuous improvement in its overall capabilities and on total employee involvement. For more information visit www.esterindustries.com.
