Wikoff Digital Kicks Off 2019 with New Website

Wikoff Digital has launched a new website, <https://wikoffdigital.com/>. The website focuses on Wikoff Digital's products and services and aims to create greater awareness of Wikoff's growing digital ink, primer and topcoat business. Wikoff Digital invites visitors to explore each section of the new site to learn more about the Wikoff difference.

"We are excited to debut the new Wikoff Digital website to our current and prospective customers, industry partners and trade associations alike," comments Warren Catchpole, Business Development Manager for Wikoff Digital. "Wikoffdigital.com is the perfect representation of our high-quality products and the exceptional people who support them."

For those curious about the products offered for each printhead technology and chemistry, a complete matrix listing is available under the "We Are Innovative" section. Wondering how Wikoff Digital fits into your digital needs? Check out the "We Are Customer-Focused" page. Keeping with the Wikoff Color commitment to customer support, Wikoff Digital offers a wide range of services to support their product portfolio, which can be found on the "We Are Technically Driven" page.

Wikoff Digital is a division of Wikoff Color Corporation dedicated to meeting the ink and coating needs of the Digital Printing industry. Whether you are an OEM printer manufacturer, a hardware integrator or an end-user looking to add digital printing to your capabilities, Wikoff Digital has the expertise to meet your needs with unmatched levels of service and support. For over 60 years, Wikoff Color has been providing customer-focused and technically driven products and services to the conventional printing industry, Wikoff Digital is carrying on that tradition.
