Table of Contents

Executive Summary	5
Background	10
FPA Resource Recovery Program	11
The Most Recent Phase: 2013 – 2014.....	11
Addressing Key Challenges	12
Volume of Flexible Packaging Waste Is Small	12
Not All Flexible Packaging Is the Same	16
Collection	17
Collection Programs Don't Include Laminates	17
Common Collection Methods	18
Key Take Aways	18
The Program in Seattle	19
Other Municipal Programs	19
Collection Studies	19
Langley, B.C. Pilot	19
PE Film and Bag Collection in Ontario, Canada	20
Collection Best Practice	21
AMERIPEN's 100 Cities Survey	21
AMERIPEN's Strategies and Financial Platforms Study	21
Material Recovery Facilities	22
Key Take Aways	23
MRF Processing Costs	24
Sortation.....	25
Key Take Aways	27
Sortation Technology Overview	28
Vacuum Assisted Manual Systems.....	28
Bollegraaf Film Grabber.....	28
Air Separators.....	28
Optical Sorters.....	29
Robotic Sorters.....	29

End-of-life Options Are Developing	32
Existing Options	32
Waste to Energy	32
Mechanical Recycling	32
Landfill	33
Emerging Technologies	33
Pyrolysis	33
Gasification	36
Engineered Solid Fuels.....	37
Who’s Doing What.....	37
Flexible Packaging Collection, Sortation, and Processing Value Chain Options.....	40
Collection	41
Sortation.....	41
Processing.....	42
Value Chain Options for Multi-Material Laminates - Analysis of Pros and Cons	42
With Existing Recyclables	42
Curbside in bags.....	42
Curbside Loose in bin	43
Depot.....	43
Not with Existing Recyclables	43
Separate Pick-up	43
Sortation.....	44
Remove at pre-sort.....	44
Remove with existing equipment and staff	44
Remove with new equipment and/or staff.....	44
Capture with the residue.....	44
Processor Location and Ownership Options.....	45
FPW Resource Recovery Communication Overview	45
Target Audience.....	45
Communication Vehicles	46

FPW Resource Recovery Project - Recommended Next Steps.....	47
(1) U.S. Laminate Collection Pilot	48
(2) MRF Laminate Flow Study	49
(3) Sortation Throughput Trials	49
(A) Manual Sortation Throughput Trial.....	50
(B) Optical Sortation Throughput Trial	50
(4) Consumer Behavior Study.....	51
(5) Continue Stakeholder Outreach	51
Collaboration is Key	53
Bibliography	54
