About the Flexible Packaging Association (FPA)

The [Flexible Packaging Association](http://www.flexpack.org) is the voice of the U.S. manufacturers of flexible packaging and their suppliers. The association's mission is connecting, advancing, and leading the flexible packaging industry. Flexible packaging represents over \$42 billion in annual sales in the U.S. and is the second largest, and one of the fastest-growing segments of the packaging industry. Flexible packaging is produced from paper, plastic, film, aluminum foil, or any combination of those materials, and includes bags, pouches, labels, liners, wraps, rollstock, and other flexible products.
